THE COLOURS OF

MIDDLE EARTH TILES

NEW ZEALAND MADE HAND GLAZED TILES

When almost everything around us has been made by machine; the warmth and infinite variety of the human touch can be especially welcome.

Middle Earth Hand Glazed Tiles, created in New Zealand, are an old concept giving tile finishes a new look with unique colours and textures. Unlike many claimed "handmade" tiles which are often "machine made to look like handmade", each Middle Earth hand glazed tile bears traces of our touch and is unique.
